

SERVICES FOR RECREATION AND CAMPS

These services aim to meet individual needs by providing targeted, practical support and solutions with the goal of improving the everyday reality of participants and recreational staff in their individual setting.

NEEDS ASSESSMENTS WITH RECOMMENDATIONS

clarify needs and receive individualized recommendations and resources

NEEDS ASSESSMENTS WITH INTERVENTION PLAN

clarify needs and receive a step by step intervention plan to address the situation

NEEDS ASSESSMENT WITH ON SITE COACHING

clarify needs and receive assistance in applying techniques and interventions in real time

Specific and personalized interventions can include:

- effectively communicating with individuals who are non speaking,
- teaching effective communication skills to an individual who is having difficulties with using speech,
- understanding and managing refusals and challenging/ aggressive behaviour and teaching appropriate alternatives,
- increasing the participation of individuals experiencing difficulties in language, communication, emotional regulation and social situations,
- understanding autistic/ neurodiverse thinking, learning or other manifestations of various diagnoses,
- adapting and applying typical methods within individual environments and realities

SITUATIONAL CONSULTATIONS
